Note 1: Current Semester Grade = (Midterm Exam Grade x 40%)+ (Current Test Grade x 35%) + (Current "Current Events Paper" Grade x 25%)

Note 2: For the final grade, the midterm exam grade will count for only 40% of the exam grade. However, since there is currently no final exam grade, I have used the midterm grade as the exam grade.

Note 3: The current events paper grade includes only the results of the England and France papers.
