ddbradley13@yahoo.com

I tutor privately almost all of the biology courses, all gen chems, physiology and nursing courses, math, and physics, so if the students need more than just help with o-chem I do those as well. For private tutoring I charge \$15 an hour. For group tutoring I charge \$20 an hour. I would encourage them to do groups because it is cheaper for them and I'm sure most of them will have the same questions. If they get four people it's only \$5 an hour for them.
